Justification for the amendment of the Academic Calendar

Senate will recall that the 2022/2023 calendar had been adjusted and approved by the Senate in the 105th regular Senate meeting. However, certain development necessitates the need to further readjust the already approved calendar. Some of these necessities include among others:

1. Election break was more than 3 weeks as earlier envisaged
2. Admission process and uploading of admissions list on the portal for 2022/2023 were delayed
3. Many students were yet to fully registered and some are even yet to commence registration due to the above

Therefore, the above were the reasons that necessitated the need for the Academic calendar to be amended and approved by the Vice Chancellor subject to ratification by the Senate.
