Please, note that any student who fails to register as stated above will not be allowed into the Practical Training Classes. You are to note that signing of attendance sheet on the practical day is very important as evidence of EED Practical Training Class. Also, you are to note that on no account should any student leave the practical class without official notification and permission from the Deputy Director or Directorate Officer.

Students who have been approved for SOLAR PANEL INSTALLATION AND MAINTANANCE SKILL will have their practical Training on Wednesday 13th December, 2023 irrespective of their faculties.

The list of students' groups and their approved skills have been dispatched to their respective Group Leaders. Each group is expected to note this and come to the Practical Training Class with their approved skill list. You are hereby enjoined to make yourself available promptly in different halls allocated for each of these skills. Every student should come to the Practical Class with their Students' Identity Card as a means of identification.

In addition, EED Practical Training Logbook must be duly completed in line with the laid down procedures and be submitted within one week after the conduct of the practical. It is of importance to inform you to avail yourself of the sufficient time given to ensure a robust write-up within the stipulated time.

Note that EED is a compulsory course and you are to comply strictly to the above.

Thank you.

A handwritten signature in black ink, appearing to read 'A. S. Oladapo', is written over a circular stamp. The stamp contains a stylized logo or emblem, possibly representing an institution or department.

Dr. A. S. Oladapo
